I think you have nicely incorporated the gathered info. The letter is powerful. Issues and data needs make sense. Sadly, Steve is dealing with an ailing companion and may be a bit out of pocket this week.

Take another look at this response, I incorporated ADEQ's additions, had a couple of comments. Loren, does Angeles want us to send this out at the BCT level and reference Phils letter, or to send out as a response from her and Tina to Phil? Either way, she should have input in what we are saying to them.
